Below U.O.R.No.LGD 2551/77805 dated the 21st September 1951, from Government in the Public Works Department.

P5

No. Elm7/9911 of 1951.

Bombay, 5th December 1951.

Returned, with compliments.

2. The matter was discussed with the Supply Company's representative, who called at this office on the 30th ultimo. It is learnt that the Supply Company has already written a letter to the President, Azad Hind Sewa Sangh on the 4th October 1951 - vide copy P9 enclosed. The Supply Company contends that the long line which will have to be laid for the Sangh will be exclusively for that consumer and that it will have to be considered as a service line. However, the Company is prepared to lay the lin if the Azad Hind Sewa Sangh makes a reasonable contribution for this purpose which, according to the representative of the Supply Company, the consumer is not prepared to do.

3. It is suggested that the President, Azad Hind Sewa Sangh may be informed that, in order to obtain electric supply, whether under clause V or clause VI of the Schedule to the Indian Electricity Act, 1910, the institution will have to enter into a written contract with the licensee, binding itself to take a supply of energy for not less than two years to such amount as will in the aggregate produce annually a reasonable return to the licensee, and that for this purpose, it will also have to pay a sufficient security demanded by the licensee. Furthermore, if the consumer desires to obtain electric supply under clause V of the Schedule to the Indian Electricity Act, he will have to find five more owners or occupiers of premises in the street where the consumer desires the licensee to lay the distributing mains and submit a joint requisition to the licensee in the form prescribed by the Indian Electricity Rules, 1937, copy whereof can be obtained from the licensee's office free of charge.

P. W. D.
K.

These papers deal with the representations from the Azad Hind Sewa Sangh, Betgere-Gadag reg: request for supply of energy for el.lights from the Gadag Power House

2. Pl. see in this connection the El.Engr.'s report within, which is self-explanatory. It will be seen therefrom that the Supply Coy. at Gadag has already addressed the President of the Azad Hind Sewa Sangh explaining in detail their position in the matter (vide copy of letter enclosed by the El. Engr. on p. 15 ante)

3. In view of ~~the~~ para.3 of the El. Engr.'s report on p. 17 ante, the Azad Hind Seva Sangh, ~~perhaps~~, may, perhaps, be informed as per the draft put up for approval.

Subject:- Electric New Meter Connection.

Respected Sir;

Our Institution is set up on an ambition of rendering a valuable service towards the Social Education (Adult Education) and the public is supporting. Since the date of the establishment of this Institute, it is successfully running the Social Education Classes and now it is stepping into 5th year. It has fully believed that for the beautiful construction of Free Republic India, it should perform various activities and thus full-fill the demand and then and then only it rests on a permanent base. The adult classes are conducted cheerfully. With a view to creat interest and enthusiasm among the public, it has purchased a Radio and Amplifier just a year back. It has arranged series of leactures by Magiclantern. But, one thing, it is sorry to express that the Gadag Power House is not in a position to meet the demand of this Institute. i.e. Supply of Electric Lights. Though there are sufficient proofs in this, connection, still then, it is neglecting the supply of the same for no reasons. Hence this application for sympathetic consideration.

The other eight residents, who are residing in the same row of the Institute, where the Institute is situated, are willing to bear the expenses. The detailed correspondence is as under:-
We had intimated to the Gadag Power House on 16th Nov., 1950 and a copy of this letter was forwarded to the Asst. Electric Inspector, Dharwar and then we reminded the Asst. Electric Inspector, Dharwar and then they came and hold an enquiry and went away and nothing has been intimated to us by that Office. Then we appealed to the Electrical Inspector, Poona-2 for the final reply. Then he was pleased to inform us by his letter No. LRM 11/19185 of 1951 dated 16-3-1951 that the matter is receiving attention. This dis-satisfactory naturally leads to the discouragement of the Institution and they being the Officers ought to have given proper reply and at least would have satisfied us.

The service that is rendered by this Institution is appreciated by the men of eminence, social standing and business magnests viz.

Date 195

.. 2 ..

The Colledtor, D.S.P., M.L.As, Educational ~~Ministers~~ and Officers, and Minister of Bombay and Secretaries of the Parliament, and the Ministers of the Central Government and the President and the Secretary of the Karnatak Provincial Congress Committee have already visited and have express their thanks towards the service and have agreed to the fact that this Institution's activities have been held up for want of ~~Electric~~ Electric Lights. Besides this, their speeches have encouraged our Institution.

If the modern implimenhs have been brought into practise, it encour-ages the youths of the Nation, besides the labouring class. That is to say Radio, Magic Lantern, Projector etc. We have completely believed that the safeguard of the Free-dom of the Nation lies on Social Education.

Provided if the Electric Light Supply is not made intime, it shall have to meet a great number of hard-ships and the management may not get any scope for running it successfully.

It is a fact to be noted that when the other eight residents - demand Electric Light, why the Gadag Power House should not supply the Light ? They have already supplied the Lights to a place where there are no service Lines. So, this shows their partiality and hence, we in conclusion, request your Honour to kindly direct the authorities - immediately for the supply of the same and thus encourage the activities of the Institute.

Lastly, it is submitted that your Honour will take keen interest in such institution and give them encouragement.

We are not in a position to understand why the Power House authorit-ies are doing so.

Thanking and assuring of our best service towards the public in future.

ACKNOWLEDGED

Subject :- Electric New Meter connection.
Ref:- Post Card from Chief Minister's Office bearing No. Nil, dated 6-9-1951.

Sir,

A In continuation of the above quoted reference, the Personal Asst. to the Hon'ble Chief Minister, has informed us that the matter is receiving attention in the Public Works dept. and that we shallhave to correspond with you. Hence we have taken this opportunity of setting the following few lines again along with the other six residents who are willing to have the lights in co-operation with us.

We had applied by registered post on 16th Nov., 1950 to M/s. Manvi Bros, Electric Light and Power Suppliers, Gadag for the supply of the ~~supp~~ Electric Lights. But the Institution's activities have been hold up for want of Electric Lights for the last so many months. Nor the said Messrs. Manvi Brothers have given a reply in this Connection. The Power-House which is meant for the benefit of the Public, is really strange that it does not take care for the supply of the said Lights. Really, the Power House Authorities ought to have taken immediate construction and would have given scope to the activites of the Institution. Instead, of this, their acting towards this Institution seems to be rather unworthy on the part of the Power House as it being a public one. i.e. it should please all the residents by supplying their demands. And that they have supplied since the date of our application to good number of residents and are ~~showing~~ not showing any kind of favour to this Institution which is conducting the Social Education Classes at night and that the Govt., is pleased to announce through the Presses that the Social Education should be encouraged. But this undoubtedly, discourages to the Activities of the Institution and that the Press-Notes published by the Government will not come into practical life.

Within a period of 9 months we have moved all the authorities, but we feel much sorry to express here that the matter has not been taken into consideration.

- 2 -

The authorities to whom we have moved are as under:-

1. Chief Minister, Govt. of Bombay, Bombay
2. Electrical Inspector, Poona
3. Asst. Electrical Inspector, Dharwar.
4. The Executive Engineer to Govt Electrical Dept. P.W.D. Secretariat Bombay.
5. Messrs. Manvi Brothers, Electric Light and Power Supliers, Gadagg

Though so many repeated reminders have been written, still then the matter has not been taken into consideration.

Therefore, Sir, we request you as under:-

The Institution which is imparting Social Education to 3-4 thousand people has not been supplied with Electric Lights. Therefore, please move the Gadag Power House Authorities to undertake immediate construction of the same and thus to co-operate with us in imparting the education to 3000 to 4000 people. And the reason of delay may kindly be explained to us. If the Electric Lights are not supplied at an early date, the Institution will suffer with heavy loss and the said no. of people will not get the Social Education and Civic Education for safeguarding Freedom of the Nation. And the undersigned 6 persons shall have to suffer without lights.

It is earnestly prayed that our request may kindly be taken into-consideration immediately.

Waiting for the immediate response,

Copy of letter dated the 4th October 1951, from Messrs. Manvi Brothers, Gadag, to the President, Azad Hind Sewa Sangh, Betigeri, Gadag. Re:- Electric New Meter Connection.

======

With reference to your letter dated the 28th September 1951, addressed to the Secretary to the Government of Bombay and a copy to us, informing that there are six Consumers awaiting new connections. In this connection, we have to inform you as follows:-

1. There is no consumer line where you require new connection yourself at the Institution named as Azad Sewa Sangh which is at the 6th Line behind the Municipal Tol-Naka.

2. Six spans are to be changed by Copper-wire, Angles and Insulators, etc.

3. First Consumer named Hukmosa Somanatha Badi, his house is situated opposite to Municipal Toll, where he also requires further two spans changes with wires, angles, insulators, etc.

4. Number 2 and 3 Consumers named as:- Jaysingh Devisingh Jamadar and Tulaja Ramashinga Hiremansingh Byali, who have not got their houses on the same i.e. on the 6th line.

5. Number 4th Consumer named as Virappa Sangappa Pattansettar will effect the same contents as stated in item No.2.

6. Number 5th Consumer named Sangappa Mallappa Pattanshetti his house has situated at Nil Line Road and he will have to put two spans newly with poles, copper wire, angles, insulators, etc., this also will effect after changing the lines as stated in item No.2.

7. Number 6th Consumer named as Kalappa Fakkirappa Mullal will be effected after changing the Lines as stated in item No.2.

8. Further we have state that out of the total consumers number 4th and 6th including yourself, i.e. only 3 consumers will be effected after changing 6 spans on the 6th Lane.

9. Number 1st require further two spans changes in wires, angles, insulators, etc.

10. Number 5th Consumer requires two new spans with poles, wires, Angles Hooks, Insulators, etc.

11. Regarding your application dated 16-11-1950 we have to inform you that we have clearly informed you that the costs will have to be paid by you as we have to make the service to be made available for you but you have denied to pay.

12. Regarding 2nd Item stating that the Company have supplied to good number of Residents, for which we have to say that the consumers have supplied with energy who have their premises on Consumer Lines.

Hoping that this information is sufficient for your requirements.

Re: Electrical Connections.

Dear Sir,

We the undersigned M/s. Nemidas Vishanji & Co., beg to put our grievances as given below before you for kind consideration and favour of redress.

We got the wiring work of our shop done by M/s. Karnatak Electrical & Engineering Co, Hubli about two months back and our contractors have submitted their completion report to M/s. Manvi Brothers.

Our shop is situated in Bardan Galli and it was taken on rent by us in the month of November 50 It had electrical connections previously but prior to our taking it on rent the electricity was disconnected.

We visited M/s Manvi Brothers and requested them to resume connections of the lights. But they visited our shop and are advising us to take line from more distant pole. The previous connection was from nearer pole. They are attributing their selfish cause falsly to overload that side and old etc and are demanding

Nemidas Vishanji & Co.
MERCHANTS & COMMISSION AGENTS.

Tele{gram: PADMA.
phone:

Gadag. _____ 195

demanding a large sum as deposit.

Helplessly not being able to pay and bear - the heavy expenses we have refused to act accordingly - and are put to considerable loss for want of lights. They can very well connections from the previous - pole from which it was given to our shop.

We now request your honour to go through the matter and arrange to see that M/s Manvi Brothers should give immediate connection to wiring of of our shop.

Hoping that your honour will personally conside the matter and do the needful at the earliest & oblige.

Yours faithfully,
For, Nemidas Vishanji & Co.
